6 x 6 units

Storage

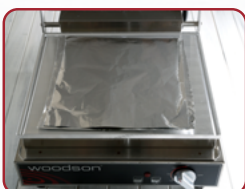

Product is delivered frozen.
Store in original resealable packaging.
Once thawed, keep refrigerated.

Thawing

Thaw unopened packets in refrigerator ONLY.
Allow up to 48 hours for unopened carton.
Once thawed use product within 7 days.

Tips

Product must be heated prior to filling to ensure flexibility.
For best results - 5 Seconds in a fully heated Sandwich Press.
To avoid gluten cross contamination place wrap between 2 sheets of aluminium foil.*
Wrap can also be heated in a pan or microwave.
Product is best when made to order.
Individually wrapping once made will maintain softness.

Burrito

Heat the wrap in a sandwich press for 5 seconds.
Fill with delicious ingredients and roll.

Toasties

Heat the wrap in a sandwich press for 5 seconds.
Spread ingredients on half the wrap.
Fold and place in sandwich press until heated through.

*Please note – Attempting to use product not fully thawed will result in wrap sticking to foil.
